

CORE VALUES

At the heart of Women of Grace USA are six core values that are essential for the spiritual growth of every woman, and foundational for equipping women for service and mission.

- ♦ **God's Word:** Depending on God's truth for nourishment and direction in all aspects of life.
- ♦ **Prayer:** Growing in intimacy with Christ, effectively praying His will for the world.
- ♦ **Mission:** Being personally and cooperatively involved in fulfilling the Great Commission.
- ♦ **Mentoring:** Investing themselves in nurturing girls and women toward Christlikeness.
- ♦ **Leadership Development:** Cultivating an environment that will train and reproduce leaders by identifying, developing, and utilizing their gifts.
- ♦ **Community:** Experiencing relationship, support, and the sharing of ideas and resources.

JUST AS WE NEED BOTH A DAD AND A MOM IN THE HOME, WE NEED MEN AND WOMEN WORKING TOGETHER IN MINISTRY. WHEN THEY DO, THE CONGREGATION FEELS SAFER AND THE CHURCH THRIVES.

—DR. MICHAEL LAWSON

EZER = STRONG HELPER

The creation account shows that God's intent was that woman be a strong helper (ezer) to rule over creation with the man. The word "ezer" is used 21 times in the Old Testament, 16 times referring to the kind of help God gives. Our goal is to help women become strong helpers who represent God well, ministering in a gracious, Christ-like servant spirit, as God calls all His people to do.

Women are called to join with their brothers in ministering to a lost and dying world. Many women struggle with how to do that.

There is no question that there are certain qualities that characterize a follower of Christ. Women of Grace USA seeks to help women understand how to truly become women of grace, reflecting the character of God. The emphasis is not on roles, but on transformation into the image of Christ.
